Project — itemized (qualified costs):

Blown-in cellulose attic insulation (IECC-conforming) . 1,920.00
Rim-joist air sealing materials 540.00

QUALIFIED COSTS (Form 5695 line 18a — materials/air sealing only)
2,460.00

Not creditable (separately stated — outside the box above):

Onsite installation labor (NOT creditable, line 18a) .. 320.00

TOTAL PAID (qualified costs + non-creditable charges)
2,780.00

Preparer note (synthetic):
Only the materials/air-sealing lines are creditable: i5695 line 18a — 'Don't include ... amounts paid for the onsite preparation, assembly, or original installation' (unlike the solar credit, whose labor qualifies). The QUALIFIED COSTS box mirrors the return's /writableInsulationCosts intake; the labor line is shown but excluded. A taxpayer receipt, never an IRS information return.
