Medical and Dental Expenses — Taxpayer's Schedule

Tax year 2025 · SYNTHETIC taxpayer records · supports Schedule A line 1 — NOT an IRS information return

TAXPAYER (name, address)
Vivian Calloway
11 Ashcroft Hill Road, Anytown, NY 10001

Taxpayer TIN (intake reference)
427-00-0001

Basis
Amounts PAID in 2025, after insurance

Unreimbursed medical and dental expenses paid in 2025:

Hospital — knee replacement (patient responsibility after insurance)	**16,840.00**
Orthopedic surgeon and anesthesiology	**5,120.00**
Physical therapy, 24 sessions	**2,880.00**
Prescription medications	**1,080.00**
Mileage to and from treatment (1,412 miles at 21 cents)	**297.00**
Dental — crown and root canal	**263.00**

TOTAL (Schedule A line 1 — BEFORE the 7.5%-of-AGI floor)
26,480.00

Preparer note (synthetic):
Only amounts PAID in the year, and only the part NOT reimbursed by insurance, count. The 7.5%-of-AGI floor is NOT on this schedule — it is the return's arithmetic (Schedule A lines 2-4), and on a high-income return it removes most of even a heavy medical year. Mileage to and from treatment is deductible at the medical rate (21 cents per mile for 2025), not the business rate.
